Re: The Use of N11 Codes and Other Abbreviated
Dialing Arrangements
CC Docket 92-105
Implementation of N11 Service in Florida
EX PARTE PRESENTATION

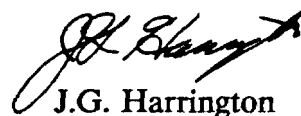

Dear Mr. Wynns:

On behalf of our client, Cox Enterprises, Inc., I am enclosing certain promotional materials that have been used in conjunction with the introduction of N11 service in the Palm Beach, Florida area by the *Palm Beach Post*. This service was introduced in March, 1993, in accordance with the Florida Public Service Commission's 1992 decision to award an N11 number to Cox on an experimental basis. We thought these materials would be of interest to you in connection with the Commission's N11 proceeding as an illustration of one way in which an N11 number could be used by a local information service provider.

In accordance with the requirements of Section 1.1206(a)(1) of the Commission's Rules, two copies of this letter and the enclosures are being submitted to the Secretary's Office on this date.

Please call me if any questions should arise in connection with this letter or with the enclosed materials.

Respectfully submitted,

J.G. Harrington

FEDERAL COMMUNICATIONS COMMISSION
OFFICE OF THE SECRETARY

*For over 100 years
Americans have answered
the telephone. All your life,
it's worked like this: The telephone
rings...you answer it. The telephone
rings...you stop your life and answer
it. TODAY, The Palm Beach
Post is changing this relationship.*

Now, Your Phone Answers You!

NOW, YOUR TELEPHONE ANSWERS YOU!

Want to know what's happened in the last 20 minutes at a basketball game under way on the West Coast? Ask your telephone . . . it'll answer you. Want to know what your stock traded for just moments ago? Grab the phone and ask it . . . it'll tell you. Going to Paris tomorrow on business and want to know what weather to expect? Ask your telephone . . . it'll answer. Did you miss seeing your favorite soap opera today? Ask your telephone . . . It has all the dirt.

PostLines/511 is an innovative system that will give you access to information networks and services that will entertain you, give you a laugh, connect you closer to the world and introduce you to new ideas. And to access this system — the first of its kind in the United States — all you do is pick up your phone and dial three numbers: 5 1 1

This inaugural directory of PostLines/511 services contains only a portion of the services we plan to offer. As we go to press with this directory, more LINES are being added to the PostLines/511 system. You'll find information about these new services in indexes throughout your daily Palm Beach Post.

We hope you'll enjoy using and benefit from this new service.

POSTLINES CUSTOMER SERVICE

(407) 820-2020

If you have questions about PostLines/511 services, please call us.

511 staffers are available to serve you 8 a.m. to 5 p.m., Monday through Friday.

The Palm Beach Post

WHAT POSTLINES/511 NUMBER DO I CALL?

If you're calling from Tequesta/Jupiter south through Boynton Beach and west through Wellington/Royal Palm Beach,

Dial 511

That's it. Those three little numbers get you 5 minutes access to PostLines/511.

This 5-minute call costs 35¢ and will be billed to your monthly Southern Bell statement.

If you're calling from outside the area described above,

Dial (900) 990-9511

You can use this number anywhere in the country. Calls to this (900) number cost **35¢ PER MINUTE** and will be billed to your monthly Southern Bell statement.

HERE'S HOW POSTLINES/511 WORKS:

Call the system using a *touch-tone* telephone. You'll be asked to enter the four-digit LINE number of the service you want. PostLines/511 will then play the LINE you wanted to hear.

If you enter the number of a LINE offered by fax, the system will ask you to enter your fax machine's telephone number including area code. You'll receive your faxed material within a few minutes.

GOT A BUSY SIGNAL? — PostLines/511 is the first system of its kind in the nation. It can handle more than three dozen calls at a time. If you get a busy signal, please try again.

WANT TO LISTEN TO A LINE AGAIN? — Punch the 'STAR' key. It's to the left of the zero on your telephone keypad. Then re-enter the LINE number you were listening to.

DO YOU HAVE 'ROTARY' PHONE SERVICE? — If your phone has a 'PULSE/TONE' button on it, you can access PostLines/511 on the 'PULSE' setting and once we answer, push this button to the 'TONE' setting to call up the LINES you want to hear.

GETTING MATERIALS BY FAX MACHINE — If your fax machine is set to condense copy, pages we fax you may not be easy to read.

WANT STOCK QUOTES? — To get the latest stock quotes (See StockLine, page 10) you'll need a directory of PostLines/511 ticker symbol codes. See page 29 for a list of places to pick up this FREE directory.

Also use the coupon to order Portfolio Service. For \$5, we'll program ticker symbol codes for up to 10 of your stocks into the system and issue you a Portfolio Identification Number (PIN). When you call StockLine, you enter your PIN and the quotes for ALL your stocks begin playing immediately.
